

# Every-Name Index

MTGS Journal  
Volume XXVII, 2013-2014  
*Indexed by Mary Lawrence*

## *Introduction to the Index*

We believe that every genealogical work requires a complete index, and to that end provide an every-name index in the fourth and final issue of each volume of the Journal. This index includes names, places and miscellaneous. Pagination of Volume XXVI began with page 1 in the Summer 2013 issue and continues through this issue. The following notes prepared during the indexing process will be helpful to the reader.

- Individuals identified in the text as *slaves/former slaves* are indexed under their given name with (slave) entered after their name..
- If the maiden name of a female is known, she is listed under both her married and maiden names.
